

Privacy Policy

Effective Date: March 05, 2025

Welcome to Brume Wallet! We are committed to your privacy, and we're proud to say that we collect absolutely nothing from you. This Privacy Policy explains how we handle (or rather, don't handle) your information when you use our website ([wallet.brume.money](#)) and mobile application (collectively, "the Service").

1. Information We Collect

We do not collect any personal information from you. That means:

- No names, email addresses, or contact details.
- No IP addresses, device identifiers, or location data.
- No usage statistics, browsing history, or analytics.
- No cookies, trackers, or anything of the sort.

Simply put, we don't gather, store, or process any data about you when you use Brume Wallet.

2. How We Use Information

Since we don't collect any information, there's nothing for us to use, share, or sell. You're free to enjoy Brume Wallet without us knowing a thing about you.

3. Third Parties

We don't use third-party services that collect data (like analytics tools or advertising networks). Any external links or resources provided within the Service are not under our control, and we're not responsible for their privacy practices. If you follow a link to another site, their rules apply—not ours.

4. Data Storage and Security

There's no data to store or secure. No servers, no databases, no worries.

5. Children's Privacy

Brume Wallet doesn't collect anything from anyone, so it's safe for users of all ages. No data means no concerns about kids' privacy.

6. Changes to This Policy

If we ever decide to start collecting data (which we don't plan to), we'll update this policy and let you know. Check back here for the latest version. The effective date at the top will always reflect when the policy was last changed.

7. Contact Us

Got questions? Feel free to reach out at hello@brume.money. We're happy to confirm that we still don't collect anything.

That's it! Enjoy Brume Wallet with the peace of mind that your privacy is fully intact.
